

SECTION II
REMARKS

In the Notice to Comply with Requirements for Patent Applications Containing Nucleotide Sequence and/or Amino Acid Sequence Disclosures dated August 13, 2008 in U.S. Patent Application No. 10/541,261, the examiner has alleged that application is not in compliance with the requirements of 37 C.F.R. §1.821(e) as “Fig. 1 contains two sequences...which are encompassed by the sequence rules but this application does not have a CRF, paper copy or statement that they are the same for [those] two sequences.” In response, Applicants provide the present submission, including the documents titled “123SequenceListingREVISED.txt” and “123SequenceListingREVISED.pdf”, as the computer-readable and paper forms of the Sequence Listing for the present application, in compliance with the requirements of 37 CFR §§1.821-1.825.

The revised documents submitted herewith contain new sequences SEQ ID NOs: 13 and 14, the dimer forms of each of monomer SEQ ID NOs: 1 and 8, respectively, linked by a proline residue, as described on page 6 of the specification and set forth in Fig. 1. The specification has been amended, as set forth in Section I above, to contain reference to SEQ ID NOs: 13 and 14.

The revised version of the Sequence Listing varies from the Sequence Listing filed with the application only by addition of SEQ ID NOs: 13 and 14 and by addition of the serial number of the pending application. No additional changes have been made.

I hereby state that I have prepared the paper copy of the document titled “123SequenceListingREVISED.pdf” and am submitting such document to the U.S. Patent and Trademark Office by EFS, and that the content of the paper (.pdf) and computer-readable copies (.txt) of such document are the same and include no new matter.

No fees are believed to be due for the filing of this paper. However, should any fees be required or an overpayment of fees made, please debit or credit our Deposit Account No. 08-3284, as necessary.

If any issues require further resolution, the Examiner is requested to contact the undersigned attorney at (919) 419-9350 to discuss same.

Respectfully submitted,

/kelly k. reynolds/
